

**Sanners Lake Sportsmen's Club**  
**High Power Vintage Military Rifle Match**  
**20 November 2021**  
**Match Report**

It was a good morning to shoot, cold but no wind to speak of. Attendance was low again but not a record setting low. Those of us who were there had a good time. Mostly.

M1 Garands were the preferred rifle today and all but one competitor shot with them. One lone M1 Carbine was the fifth weapon. This match was a good warm up for the annual Frozen Chosin match coming up in January.

The competition was a lot hotter than the weather with Jake once again ruling the roost with a fine 284-6x to take Match Winner honors with his Modified M1. Mark shot the high As Issued rifle score with a 276-7x.

This was the last high power rifle match of the year. We will be running basically the same program next year starting with a VMR in March. The NRA Approved High Power Rifle and High Power Sporting Rifle matches will be fired again giving new shooters a chance to earn a NRA HP rifle classification. This program is also a chance for shooters already classified (or so they may think) to get a match shot and on the books at NRA headquarters. If you go over three years without competing you lose your classification and have to start over. By the way, none of these HP matches requires more than 55 rounds of ammo making them a bargain in that expensive area. We also have loaner shooting mats and spotting scopes available if you do not own those valuable accessories.

My thanks as usual to the faithful who do show up at these matches and especially to Mark Swierczek who's participation makes it possible for me to shoot these matches.

Dick Chadwick, Match Director

**Official Results Bulletin**

<b>Name</b>	<b>Rifle/Cal.</b>	<b>Prone Slow</b>	<b>Prone Rapid</b>	<b>Standing</b>	<b>Aggregate</b>	<b>Place/Category</b>
<b>As Issued Rifles</b>						
Swierczek, M.	M1 Garand .30-06	95-2x	93-3x	88-2x	276-7x	1 <sup>st</sup> As Issued
